

# TELLTALE KIT 8164

REMOVE TELLTALE FROM RUNNER BY CUTTING THROUGH PART WITH A SHARP KNIFE NEXT TO THE MAIN RUNNER (3 PLACES). REMOVE ANY BURRS WITH A SMALL FILE. POSITION NEXT TO THE TRACK AND CHECK CLEARANCE TO YOUR TALLEST PIECE OF ROLLING STOCK. USE A NEW SINGLE EDGE RAZOR BLADE TO CUT THE HANGING ROPES TO JUST ABOVE THIS HEIGHT. SPRAY PAINT IN THE APPROPRIATE COLOR FOR YOUR RAILROAD (BLACK WAS MOST COMMON). ON A NEW UNIT THE ROPES WOULD BE TAN. REMOVE BASE AND PAINT CONCRETE. USE SUPERGLUE TO GLUE BASE NEXT TO TRACK SO ROPES ARE CENTERED OVER THE TRACK. WHEN GLUE SETS GLUE TELLTALE TO BASE.
